# Mission Statement

The mission of the Galena Park Independent School District is to prepare students to become productive citizens and lifelong learners.

## Vision

Excellence In All, For All, By All

## District Profile

The first settler of the area was Ezekiel Thomas of South Carolina, who obtained the land as one of Stephen F. Austin's colonists. In 1833, one thousand acres of his property were sold at public auction to Isaac Batterson, who settled on the land and named the settlement "Clinton", after his former home in New York. In 1918, a one-room school was established, which had less than seventy students and one teacher. In 1924, the school was moved to the Fidelity Addition and renamed Fidelity School. A second teacher was added and the school taught grades 1st through 7th. Black students in the upper grades were transported to Wheatley High School in the Houston ISD. In 1926, the present Galena Park Elementary campus was the site of Clinton School, one of many schools belonging to the Harris County School District. Thirteen teachers taught grades 1st through 11th. On the secondary level, the courses taught were English, Latin, Spanish, history, math, science, and commercial subjects. In 1931 it became an individual elementary school. In 1928, the construction of a high school, the former Galena Park Middle School, was completed. For almost 100 years, the settlement was known as Clinton. The town attempted to establish a post office but the request was denied due to an existing post office bearing the town name in Hunt County. A group of citizens met, officially changing the name from Clinton to Galena Park, naming it after the Galena Signal Oil Company, one of the town's leading enterprises.

~~Galena Park Independent School District~~ (GPISD) was established in 1930, with Mr. G. P. Smith serving as Superintendent. He was followed by J. C. Ingram, W. E. Driskill, Dr.

The goal of State Compensatory Education is to increase academic achievement and reduce the dropout rate of at-risk students. Galena Park ISD provides funds for supplemental state compensatory education programs and services for students who are identified as at risk. The programs and services were designed for these students using district test results to improve and enhance the regular education and summer school programs. Each campus oversees the administration of each supplemental State Compensatory Education Program.

The goal of Title I is to provide additional supplemental support to students who meet the low socio-economic criteria. In Galena Park ISD, all campuses receive Title I funds based on the number of low socio-economic students. Funds are focused on increasing student academic achievement in the core content areas. Funds provide supplemental staff, support after-school tutorials, and supplemental instructional materials. In addition, parent involvement activities are supported for each campus.

The goal of Title I Part C, Migrant is to ensure that migrant children are provided with appropriate educational services, including supportive services, that address their special needs in a coordinated and efficient manner. In Galena Park ISD, students are provided with clothes that meet our dress code, school supplies, and coordination of other education, health, nutrition, and social services in our community. The District Migrant Coordinator meets/conferences with Priority for Service (PFS) migrant students and parents to monitor the services and growth of PFS students a minimum of twice a quarter. To ensure PFS students receive the appropriate individualized services to address their academic needs quarterly. PFS student progress reviews are conducted and coordination of supplemental materials and resources for both reading and math are provided as needed. In addition, training for migrant parents is provided throughout the year to ensure student success.

Based on feedback from this year's District Needs Assessment Survey, Parent Involvement Survey results, department input, assessment data, District Planning and Advisory Committee (DPAC) recommendations, and end-of-year program evaluations, the following sections outline our strengths and priority needs for 2024-2025. We will maintain efforts to support the District goals established by our Board of Trustees. The 1:1 student device program continues to provide exciting learning opportunities that incorporate technology in the classroom. Technology enhancements and remote learning are significant initiatives for the school year. The District will continue to implement the superintendent's focus areas of Accountability/Own It, Growth/Improvement in EVERY department and EVERY campus, Follow-up and Follow-through, Quality Curriculum/Engaging Lessons, Quality Instruction, Quality Professional Learning for Leaders, and Excellence in All We Do.

# Parent and Community Engagement

## Equity and Inclusion

It is the goal of the schools in Galena Park Independent School District to develop strong partnerships with parents and other family members of our students. Parents, other family members, and schools working as partners increase student achievement and develop positive attitudes about self and school. Galena Park ISD is committed to providing outreach to all parents and family members that encourages meaningful involvement in their child(ren)'s education and social-emotional development.

The key factor in the family-school partnership is the relationship between the teacher, student, and parent/family members. Teachers are professionals who manage a variety of instructional resources. Parents/family members are the child's first teachers and play a vital role in their children's education. Organizational support from the school board, district administrators, parent facilitators, counselors, social service workers, and building principals enable teachers and parent/family members to effectively develop the partnerships. Students are the true beneficiaries of a close family-school partnership.

The partnership between home and school will be supported by:

1. Developing a process that continuously assesses, plans and implements strategies that build the partnership.
  - a. A district-wide committee of parents, teachers and administrators will review the annual school evaluations of the content and effectiveness of parent and family involvement activities in increasing participation of parent/family members and whether there are barriers to greater participation. The evaluation will be conducted through a written/electronic survey in English and Spanish each year. The committee will use the results of the survey to offer revision suggestions for the district parent and family engagement policy if necessary.
  - b. A parent and family engagement coordinator will assist parent facilitators on each campus with the parent and family engagement efforts by providing technical assistance and other support necessary to assist schools in planning and implementing effective programs. The parent and family engagement facilitator will work in collaboration with his/her site-based decision-making committees, other school staff, parents, other family members and community resources.
