

STUDENT AGREEMENT FOR ACCEPTABLE USE OF THE ELECTRONIC COMMUNICATIONS SYSTEM

You are being given access to Galena Park ISD's Network and the Internet. GPISD's goal in providing this service is to promote educational excellence by facilitating and providing communications for resource sharing, collaborative work, databases, software, and other information sources such as libraries and museums. Access to Internet resources also brings the possibility of encountering material that may not be considered to be of educational value in the context of the school setting. The District has taken precautions to restrict access to controversial materials; however, on a global network it is impossible to control all materials. Although an industrious user may discover controversial information, the valuable information and interaction available on this worldwide network far outweigh the possibility that users may discover material that is not consistent with District educational goals.

The successful operation of the network relies upon the proper conduct of the users who must adhere to strict guidelines. The following rules of acceptable use are provided so that users are aware of the ethical and legal responsibilities associated with the use of network resources.
