(bb) the methodology by which the State differentiates all such schools. A weighted average of the accountability indicators will be computed from the number of items meeting targets divided by the number of items evaluated. The weighted average will be scaled to grades A (90-100), B (80-89), C (70-79), D (60-69), and F (0-59) and further used to differentiate all public schools.
<https://tea.texas.gov/sites/default/files/chapter-4-2022-closing-the-gaps-domain.pdf>

(cc) the methodology by which the State differentiates a school as consistently underperforming for any subgroup of students. TEA uses the Closing the Gaps domain to identify campuses that have consistently underperforming student groups. A student group that misses the targets in at least the same three indicators, for three consecutive years, is considered consistently underperforming. Any campus not identified for comprehensive support and improvement (CSI) that has at least one consistently underperforming student group is identified for targeted support and improvement (TSI). TSI identifies both Title I and non-Title I campuses. Data from 2018, 2019, and 2022 are considered consecutive years for 2022 TSI identification.

(dd) the methodology by which the State identifies a school for comprehensive support and improvement. Texas annually ranks all Title I campuses based on Closing the Gaps scaled scores. Beginning August 2022, TEA also evaluates overall scaled scores to make final comprehensive support and improvement (CSI) determinations. Title I campuses with both the lowest Closing the Gaps and lowest overall scaled scores are identified for CSI. First, Texas determines the bottom five percent of Closing the Gaps outcomes by rank ordering the scaled scores of Title I campuses by school type - elementary, middle, high school/ K - 12, and alternative education accountability. Texas then determines which campuses fell in the bottom five percent for each school type. Next, TEA rank orders the overall scaled scores for all Title I campuses statewide (without regard to campus type) to determine the scaled score cut point necessary to identify at least five percent of Title I campuses. Title I campuses with an overall scaled score cut point at or below the overall cut point and that rank in their school types bottom five percent are identified for CSI.

Part (i)(V) the number and names of all public schools in the State identified by the State for comprehensive support and improvement or implementing targeted support and improvement plans. Campuses Identified for Support under the Every Student Succeeds Act (ESSA) for the 2022-2023 school year: [Comprehensive Support and Improvement Schools](#), [Targeted Support and Improvement Schools](#) and [Additional Targeted Support Schools](#).

Part (i)(VI) the exit criteria established by the State, including the length of yearstatRr B* folRming.ets in
